**I would like to thank each one of you that participated in the Grand Prix and who are apart of USATF. I know it wasn't perfect but we had to start somewhere. I did not run for next year as I became too consumed with unforeseen work this year, and think its best that someone else takes over. I appreciate everyone's patience with me. I know that Peter Falcon will continue on the great success with the Grand Prix and will evolve USATF as whole in a positive direction. I wish him the best of luck.**

**Thanks again.**
