Bids for future Championship Events and or LDR published series events need to follow the following guidelines:

- Open bid process
- Strive for geographic balance in location of events
- Multiple championship distances can't be competed simultaneously
- All road race championship events need to be USATF certified
- Hosting should be given preference to USATF member organizations

National USATF Annual meeting in Houston: 15 open spots were available to send members to the annual meeting in Houston. Will and Linda volunteered to represent our LDR program at the annual meeting.
